

Mitutoyo CRYSTA-APEX S9166

Application type: Coordinate Measuring Machine (CMM)

Machine type: CNC coordinate measuring machine

Year: 2019

CNC control measuring system

MCOSMOS-3 CNC V4 measuring software

PH10MQP R2 probe system

PH10MQME PLUS probe head

SP25M scanning probe system

SH25-2 probe holders (4 pcs)

Starter probe kit M3

Ceramic calibration sphere 20 mm with factory certificate

Eco-fix CMM fixture system

Eco-fix fixture kit S

Eco-fix fixture kit L

Eco-fix masterball M6/M8

Quick-rail 31-piece base kit

J/S Box-M Type A interface box

Mitutoyo workstation computer including keyboard and mouse

2 × HP E231 23" monitors (1920 × 1080)

4 GB graphics card

USB dongle / Wibu-Box

Installation of CNC CMM system included

Training / MCOSMOS system setup

High-capacity CEE power cable

Linear height measuring system LH-600EG (0–600 mm) with handle

User manual for LH-600E / LH-600EG

Gross weight approx. 2948 kg

Net weight approx. 2947 kg

Transport volume approx. 0.414 m<sup>3</sup>

Complete measuring system with accessories and fixturing equipment
